

STATEMENTS TO JURY IN HERRIN CASE COMPLETED

Court Room Crowded As Attorneys Make Their Statements

(By The Associated Press) MARION, Ill., Dec. 13.—Completion by both the prosecution and defense of their statements to the jury and the speedy introduction of the testimony of the first three witnesses for the state marked the opening today of the trial of five men charged with murder in connection with the Herrin riot.

Farmers and miners, most of them in their working clothes crowded the court room to capacity and overflowed into the aisles as Delos Duty, state's attorney, made the opening address for the prosecution.

At the counsel table sat Edward J. Brundage, attorney general, Otis M. Glenn, assistant attorney general, Ray Henson, George Carter and C. W. Middlekauff and the defendants were represented by A. W. Kerr, chief counsel, Rufus Neely, G. B. White, R. T. Cook, W. P. Seeber, A. C. Lewis and George R. Stone.

Among the spectators were Frank Farrington, head of the Illinois Mine Workers and Oral Garrison, secretary of the International Mine Workers, who took down the proceedings in full.

Beside Judge D. T. Hartwell, but facing the defendants and the crowded court room, sat the jury—twelve rugged working men in blue and khaki shirts, eleven of them farmers and one a union miner. Of the farmers two are from Marion.

In solid silence the crowd listened to Mr. Duty repeat the history of the fatal Herrin riots and outline the testimony upon which the state depends to convict the five defendants.

Only Question One of Murder.—Declaring that the only question before the jury was one of murder that there was no issue in the case between capital and labor, Mr. Duty told of the effort to operate the mine of the Southern Illinois Coal company with non-union men and declared these workers had been attacked by a mob of between 800 and 1,000 strike sympathizers.

Mr. Duty said the state would prove that during the night preceding the killings, an agreement had been made whereby those in the mine were to lay down their arms and leave the mine and that also "a man named Hunter who was presumed to represent Governor Small made arrangements for the men to put up the white flag and leave under promise of safe conduct out of the country."

The killing he said of the 20 non-union miners followed.

Mr. Kerr chief counsel of the Illinois mine workers, declared in his statement that the defense would show that the killing of the non-union men was the result of an "invasion by armed guards" and that "Williamson county rose in defense of its homes."

Pacing up and down before the jury he declared that the prosecuting authorities of Illinois were being influenced by a private organization composed of men of "great wealth, the Illinois Chamber of Commerce."

Declaring the state had been "wickedly careless in selecting the five defendants," Mr. Kerr said: "We will show that these men had nothing whatever to do with the killings and that they were in places at the time which would have been impossible for them to have had anything to do with it."

The three state witnesses who were heard and dismissed practically without cross-examination were:

Dr. J. B. Black, head of the Herrin Hospital, Albert G. Storn, Herrin undertaker and William McCowan, county coroner.

Dr. Black and Mr. Storn testified regarding the death of Howard Hoffman, one of the riot victims. Dr. Black expressed belief that the death of Hoffman was due to gun shot and knife wounds.

BROADER VIEW OF THE MISSISSIPPI PROBLEM IS URGED

Witnesses from South Say That it is National Problem

(By The Associated Press) WASHINGTON, Dec. 13.—A broader view of the problems of the Mississippi river and its tributaries was urged on the house flood control committee today by representatives of the Lower Mississippi valley, who declared they constantly were being subjected to the hazards of flood waters notwithstanding that their districts did not contribute "a drop of water to the swollen stream."

One after another the witnesses insisted the problem was one for the nation as a whole. James E. Edmonds of New Orleans, said that years ago the slogan was "after the Pan American Canal, the Mississippi river," but that the dream had never been realized.

The witnesses told the committee of the huge acreage of rich top soil being carried away by the river, while at the same time the country was draining marsh land and irrigating arid lands to provide for the fast growing population. At the same time, they said, an enormous wastage of water resources and transportation possibilities was going on.

MANY ARRESTS IN CAMP GRANT THEFTS

(By The Associated Press) ROCKFORD, Ill., Dec. 13.—Department of justice agents and United States marshals who arrived here this noon to investigate thefts of government property from Camp Grant started turning out a toll of arrests tonight. Summoning more than a score of persons to the sheriff's office here, the agents started questioning them one by one. The first three questioned were served with warrants charging larceny as they came out of the room in which inquiry was being held. They were:

Tom Antonio, employee of David Goldman, Rockford junkman.

J. F. Monahan, employee of Goldman.

W. H. Rollstein, former employee of Goldman and now proprietor of an army goods store here.

Goldman last week was convicted in federal court at Freeport of having stolen government property in his possession and was fined \$1,000 and costs and sentenced to sixty days in jail.

The government officials conducting the probe here are L. T. Plummer and Walter H. Wood, department of justice agents, and Captain Hal Carr, deputy United States marshal acting under instructions from Philip Ward, of Sterling, Ill. United States District attorney.

The government men stated that the total of arrests would probably reach 15 or 20 before the inquiry closed tonight. The men arrested will be taken before Commissioner Stanley M. Vance in Freeport for preliminary hearing it was announced.

MISSING MEN LANDED CLOSE TO DESTINATION

(By The Associated Press) SAN ANTONIO, Texas, Dec. 13.—Colonel Francis R. Marshall and Lieutenant Charles L. Weber, army aviators flying from San Diego to Fort Huachuca, Arizona, last night landed Thursday west down near their destination, it was indicated in messages received here tonight from Colonel R. B. Wynans, who is directing the search.

It was definitely established according to the message that the plane was seen flying low over the Pica Nini desert near the Twin Buttes and between the Santa Rita and Whetstone mountains. Troops and planes are concentrating the search in that area, the report stated.

STATES ATTORNEY IS SUSPENDED

Tulsa, Okla., Dec. 13.—County Attorney W. F. Seaver, who came into prominence in Oklahoma, recently when he declared that "the people of Tulsa and Tulsa county do not want prohibition," and that he was not going to enforce it, was suspended from office today by District Judge Hunt.

John G. Goldsberry, Seaver's assistant and county attorney-elect was appointed his successor.

WOULD MODIFY TAXATION LAW

Chicago, Dec. 13.—A resolution favoring an amendment to the Illinois Constitution which would modify the law relating to the taxation of personal property and provide for the enactment of an income tax, fairly graduated and containing provisions for just and proper exemptions, was approved by the directors of the Illinois Manufacturers' association today.

WANTS CONGRESS TO REGULATE EMPLOYMENT

Washington, Dec. 13.—A resolution proposing a constitutional amendment giving congress power to regulate employment of women and of children less than 18 years of age was introduced today by Senator Lodge.

SERVE NOTICE OF NEW PROGRAM FOR AMERICAN NAVY

Must Come Unless Treaty Limitations Are Extended

(By The Associated Press) WASHINGTON, Dec. 13.—Blunt notice that the United States cannot avoid a new naval program in swift cruisers and fleet submarines unless treaty limitations are extended to such craft, was served by the house appropriations committee today in reporting the \$293,806,538 naval appropriation bill. A six line provision placed in the bill by the committee requested President Harding to negotiate with Great Britain, France, Japan and Italy for such an extension of the treaty, limitation of aircraft to be included.

The committee report said large cruiser and submarine programs were planned abroad, adding:

"In other words, competition is on again in the single direction to which the unratified agreement (the Washington naval treaty) does not extend, and if it is allowed to go on unchecked, the purse strings again must be relaxed and this government, like all others, will be constrained to launch a new program to the extent necessary to keep us at least abreast of any of the other powers."

President Harding was not consulted by the committee with relation to its limitation conference. The project for negotiations apparently came as a surprise even to naval officials. It was originated by Chairman Kelley of the naval appropriations sub-committee.

The chief reason prompting Mr. Kelley to propose a new naval conference was understood to have been the light cruiser program recommended by the navy general board. The program urged as necessary to keep the United States navy on a parity with other navies in cruisers included 16 new light cruisers, within the 10,000 ton size limitation of the Washington treaty and to cost \$168,000,000.

The committee eliminated from its published hearings testimony of naval intelligence officers on the program of construction abroad. Presumably it was this information and the recommendation made by the general board which prompted the attempt to check post-treaty competitive building thru diplomatic negotiations.

Administration officials who were closest to the Washington arms conference deliberations expressed the view tonight that there appeared little likelihood of success for new negotiations to limit in accordance with the "5-5-3" or some other ratio the size of cruiser and submarine fleets.

The conference, it was pointed out, in prolonged discussions had found no basis of agreement possible on these points or as to fighting aircraft.

In addition to the new cruiser program, the committee is known to have been informed of the general board's recommendation that a start be made on modernizing the pre-jutland battleships of the navy, the point being made that Great Britain has remodelled to a large extent to increase gun range and deck protection per capital ships to be retained under the treaty. The administration modernization project would cost in the neighborhood of \$60,000,000, it has been estimated. Lacking such remodeling work, American 14-inch gun ships would remain outtraged by otherwise similar but modernized British ships by five miles, navy officers have declared.

Faced with this double prospect of naval expenditures in the near future, Chairman Kelley turned to the precedent of the accepted capital ship treaty ratio in search of a way to avoid such outlays.

ASK PROBE OF LABOR IN NON-UNION MINES

(By The Associated Press) WASHINGTON, Dec. 13.—An investigation into labor conditions in West Virginia non-union coal producing areas, particularly in Logan county, was asked today of the United States coal commission by the United Mine Workers. A communication to the coal commission signed by Ellis Scarles, John Moore and Thomas Kennedy, representing the union, declared that "brutality and oppression" had made it impossible for the union to organize in those parts of the state.

W. J. CLARK DIES

New York, Dec. 13.—William Jared Clark, 68, widely known in the electrical industry, died at his home today. He was born in July, 1854. He was a pioneer in the commercial development of electrical railways and for 35 years was connected with the General Electric company.

THE DERBY WILL SAIL FOR HOME TODAY

Paris, Dec. 13.—Dr. Richard Derby and Mrs. Derby, who were Miss Ethel Roosevelt, will sail for the United States tomorrow. They visited the grave of Quentin Roosevelt near Charnery, and today went to Maupertuis, where Quentin Roosevelt was billeted.

(By The Associated Press) ROUSTON, Texas, Dec. 13.—Between eight and fifteen persons were instantly killed and approximately forty others were injured, many fatally, when the "Rabbit" passenger train No. 28 of the Houston East & West Texas railway, sidwiped a switch engine near the depot at Humble at 10 o'clock tonight.

The cylinder heads of the two locomotives struck, that on the right side of the passenger engine, and that on the left side of the freight locomotive being ripped away.

Shreveport, La., Dec. 13.—According to telephone reports from Humble, 20 persons were killed and a score injured in a wreck of a Houston East & West Texas railway train near Humble tonight.

The Day In Washington

(By The Associated Press) Hearings on the various rural credits proposals were continued by two senate committees.

Opening the annual meeting of Red Cross directors, President Harding in a brief address expressed gratification at the accomplishments of the organization during the year.

William J. Burns, Senator Johnson of California, former Attorney General Wickersham and President Gompers of the American Federation of Labor testified at the house judiciary committee hearing on the Keller impeachment charges against Attorney General Daugherty. President Harding was understood to be planning to lay before congress shortly governmental reorganization plans which call for the consolidation of the war and navy departments and the creation of a public welfare department.

Confirmation of the nomination of Pierce Butler as an associate justice of the supreme court was recommended by a senate judiciary sub-committee after an inquiry into charges filed by Senator-elect Shipstead, Farmer-Laborite of Minnesota.

Calling of another international conference with a view to limiting construction of smaller war vessels and aircraft was recommended in the annual navy supply bill reported by the house appropriations committee.

The measure, carrying \$293,806,538 provided for \$6,000 enlisted men.

Many Died In Texas Train Wreck

(By The Associated Press) ROUSTON, Texas, Dec. 13.—Between eight and fifteen persons were instantly killed and approximately forty others were injured, many fatally, when the "Rabbit" passenger train No. 28 of the Houston East & West Texas railway, sidwiped a switch engine near the depot at Humble at 10 o'clock tonight.

The cylinder heads of the two locomotives struck, that on the right side of the passenger engine, and that on the left side of the freight locomotive being ripped away.

Shreveport, La., Dec. 13.—According to telephone reports from Humble, 20 persons were killed and a score injured in a wreck of a Houston East & West Texas railway train near Humble tonight.

Owing to the darkness and the general excitement about the wreck no official attempt was made to identify the dead and injured at the scene.

The first of the injured, were sent in automobiles to Houston. An official report said the wreck occurred when the passenger train sidwiped a switch engine in the Humble yards. At a late hour these dead had been recovered.

Conductor Campsey of Houston, in charge of the train wrecked.

The news agent on train, unidentified.

Four unknown negroes. Engineer Holland of the passenger train reported that the headlight on the engine struck by the passenger was not burning and that by the time the passenger train engine's headlight had served to outline the other engine on the sidetrack, it was too late to avoid the crash.

ALL PHILADELPHIA HONORS WANAMAKER

(By The Associated Press) PHILADELPHIA, Dec. 13.—In respect to the memory of John Wanamaker, the city council will meet and adjourn its regular weekly session tomorrow afternoon and the Philadelphia stock exchange will close its doors for the same period. The public schools of Philadelphia will be closed for one session in memory of the famous merchant.

The leading competitors of the Wanamaker department store will close for the first five minutes of the funeral service which will begin at 2 o'clock in Bethany Presbyterian church.

Preparations have been made to allow thousands of persons to view Mr. Wanamaker's body as it lies in state from 10 a. m. until noon tomorrow in Bethany church. The funeral service and the interment in the Wanamaker mausoleum in the cemetery of St. James the Less will be private.

BEGIN SEARCH FOR WOMAN'S BODY

(By The Associated Press) CHICAGO, Dec. 13.—The police today began search for a newly made grave in the belief that Mrs. Kate Mitchell Tostell, who disappeared the night of Dec. 2, had been killed and her body buried. The floor of the garage and the rear yard at the home of Arthur Foster, a rejected suitor of Mrs. Tostell's who is under arrest, were examined carefully by the police. Stains on clothing of Foster are being examined by Coroner's Physician Springer to determine if they were made by blood.

Foster maintains silence and was unmoved today when Dr. Edna Smaeder, a friend of the missing woman read passages from the Bible for 43 minutes in an attempt to persuade him to talk. He previously had denied knowledge of Mrs. Foster's whereabouts.

TWO KILLED IN D. & R. G. WRECK

Grand Junction, Colo., Dec. 13.—Elmer Qualen, fireman and B. A. Broyles, brakeman, both of Grand Junction, were killed today when a Denver & Rio Grande western freight train went thru a bridge west of Deseret, Utah, this forenoon, according to information reaching here. The bodies of both the men were pinned beneath the engine and three cars which fell on top of the engine as the bridge gave way.

BASE EMIGRATION ON SELECTION IS URGED BY SPEAKER

(By The Associated Press) CHICAGO, Dec. 13.—An emigration law based on selection rather than restriction was advocated today by Harvey J. Schenck, of Sidell, Ill., speaking before the American Farm Bureau Federation's annual meeting today.

The three percent clause of the immigration law was severely criticized by Mr. Schenck, formerly a delegate to the International Institute of Agriculture at Rome as well as other speakers on the afternoon program.

"What this country needs is more producers and fewer peddlars," Mr. Schenck declared. "The way to attain this result is first to repeal this three percent immigration law and then enact an immigration law similar to the Canadian law with its new regulations with its occupational tests."

"Financial, physical and moral requirements are essential and should be added to any immigration laws. The selection should take place as near the point of origin as possible and the administrative authority should be centralized in one federal agency."

"The present law is permitting the country to be flooded with a class of non-producers who are taking up the quota of countries that would furnish laborers who would be glad to come to this country if it were possible to do so."

"We welcome the skin of immigration but positively object to the scum of immigration."

"Modification" of the present laws was urged by James Emery of the national association of manufacturers, Washington, who declared immigration should be charged against immigration in determining national quotas and that admissible and desirable labor should be admitted in excess of quotas where the necessity of such labor is clearly demonstrated and is not obtainable in this country.

"We have established reliance upon immigration as the great source of supply for rough and skilled labor without which the basic work of expanding construction, transportation manufacture and agriculture cannot go forward."

A THOUGHT

Wherefore have ye not fulfilled your task?—Exodus 5:14.

TO shape the whole future is not our problem; but only to shape faithfully a small part of it, according to rules already known. It is perhaps possible for each of us, who will with due earnestness enquire, to ascertain clearly what he, for his own part, ought to do; this let him, with true heart, do, and continue doing.—Thomas Carlyle.

The Chicago Tribune's page of news pictures yesterday included one of Miss Grace Dixon, who was shown in the act of casting a "no" ballot against the proposed constitution. Just why this young lady is so pictured is not divulged. It would have been much more of a feature to have shown some Chicagoan engaged in the act of voting for the constitution.

The fact that war savings certificates and stamps are soon to be redeemed will put an immense amount of money into circulation. This caused the prediction that "blue-sky" investment companies will be especially active. The prediction is based on experience, so beware how your money is invested.

Springfield is putting down a long mileage of new street pavement. However residents there are opposed to providing any special fund for the maintenance of street pavements, as a big majority was rolled up against the city commission's ordinance proposing a vehicle license.

Not so very much is said these days about the city manager plan of municipal government. But the fact remains that most cities that have tried the plan have found it successful. Managing a

city just as a big business enterprise has a sensible sound. The trouble is that in most communities the majority of the people do not want their municipal affairs managed on a strictly business basis.

A report of the state finance department shows that Illinois spent in tax funds last year \$235,000,000. Of this sum, something more than \$97,000,000 was expended for schools. That is a big percentage of government costs for school purposes, but a good percentage if the money be wisely and honestly disbursed, for education is an investment and not a mere expense.

Three days of cold weather were sufficient to bring out a warning from the coal men in Chicago of the grief to come unless the people are willing to use some of the cheaper grades of coal for domestic purposes. The Chicago dealers must have a surplus of these cheaper grades on side track or in storage.

The influence of John Wanamaker's life will continue through coming years, although the great Philadelphia merchant has answered the final summons. For a long period of years Mr. Wanamaker has had a national reputation as a man who applied the principles of righteousness and Christianity to the operation of his great retail business. He made millions and counted himself as a trustee in the handling of this great wealth.

A RECORD WITHOUT PARALLEL.

The budget for the fiscal year ending June 30, 1924, exclusive of postal revenues and expenditures, amounts to about \$3,075,000,000, which is \$200,000,000 less than the total actually appropriated for the current year. Due to readjustments in the Post Office Department it is expected to show a surplus for 1924 of almost \$1,000,000 instead of the large deficiencies of recent years. It is also predicted that the entire national budget will show a surplus of about \$125,000,000 at the close of the fiscal year 1924. Even the estimated deficit for 1923 is expected to be materially reduced, if not entirely eliminated, before the end of the year by the energetic efforts of the executive departments in cutting expenditures even below the amounts appropriated by Congress.

HARD TIMES

(N.E.A.)
If we can find it, there's some way to stabilize industrial conditions and make times reasonably prosperous continuously instead of having hard times and prosperity follow each other like the spokes of a revolving wheel.

When it comes to making money, life is either a feast or a famine. There seems to be no half-way point, over any extended period of time.

Colonel Leonard W. Ayres, statistician, has recently shown that in the last 60 years there were out of every five years two periods of serious business depression.

It's about time we took this up as our basic problem of economics. From it, sprout nearly all the other serious problems.

A favorite chant of the business experts is that business runs in cycles—up and down, like waves. Prices rise to a certain high point, then topple and slump far below normal, then up, again down, and so on, generation after generation.

Bus failures, industrial activity and all other branches of our common system of "earning a living" rise and fall in similar cycles or waves.

The economists point out that all this is following a natural law of cycles—that depression follows prosperity the same as winter follows summer.

The industrial system, however which we have permitted to enslave us, is not a natural system, speaking in a broad sense. It is a system entirely created by man. And, therefore, it should be en-

BERTON BRALEY'S DAILY POEM

Eats

By Berton Braley

WHEN I go out, at times, to dine,
With somewhat jaded appetite,
For hearty grub I do not pine,
I ask for viands airy, slight.
Then eat, perhaps, a little bite
For more than that I do not care.
But when my stomach's working right,
Bring me a Steak—and make it rare!

TRUFFLES will cause my eyes to shine,
Souffles are pleasant to the sight,
Salads of intricate design
Will make my eyes extremely bright;
But when I'm really hungry, quite
As famished as the well-known bear,
I cry out to the waiter, "Wight,
Bring me a Steak—and make it rare!"

WHEN I have fished with hook and line,
Or hunted deer, or ducks in flight,
Fish, flesh or fowl—I like them fine
And eat them with a true delight.
Yet when I get back home, despite
The fact that game is lordly fare,
I shout aloud with all my might,
"Bring me a Steak—and make it rare!"

ENVOY

WERE I to banquet day and night
On real Ambrosia, I declare,
I'd yell down from Olympus' height,
"Bring me a Steak—and make it rare!"

tirely responsive to man, absolutely under his control.

Certain natural elements creep in, such as crop failures or abnormally large crops. But these could be taken care of some way. Certainly they should not disrupt our whole economic machinery.

Panic often are blamed on over-production. But over-production, in the last analysis, is an impossibility. The real trouble is that our system of distribution breaks down.

Maybe the permanent elimination of hard times would require gigantic undertakings by the national and state governments. That is, giving the armies of unemployed work at road-making, irrigation and other engineering projects.

Or the solution may be in stabilizing the value of the dollar. Again, it might be in periodical price regulation.

Think it over. Have you a plan? Think this over, also: We have become so accustomed to hard times as a reaction from prosperity, that maybe we have hypnotized ourselves into expecting them. And, by expecting, we create depression—by hunting our cyclone cellars before a real funnel-cloud rises over the horizon.

ESCAPE FROM COFFIN.

An unbelievable mystery was performed last night at the Grand theater when Mysterious Smith actually made his escape from an airtight coffin, which had been furnished by Williamson's, local undertakers. He was first strapped in a "straight jacket," and then placed in the coffin, which was then strapped and sealed by well known local men.

The audience was so surprised to see Smith appear free from the "straight jacket" and coffin, that they applauded for fully three minutes.

Those who saw the performance proclaim it a miracle and is the talk of the town today. By special request and because so many failed to get seats last night Mr. Smith has promised to repeat the coffin mystery again tonight and there is no doubt but the theatre will be packed to the doors.

Smith will give his regular performance and Mme. Olga will appear in her wonderful work.

JUSTICES PLAN LAW SCHOOL FOR CHILDREN

Monthly Meetings for Discussion of Common Law Subjects To Be Held in Jacksonville.

What is a replevin suit? On what grounds can it be initiated or fought? How does it differ from an attachment? These questions which may provoke a smile among those who have knowledge of the common law, would find a great many people unable to answer.

For the general extension of common knowledge of these and other points of common law, Jacksonville justices of the peace have gotten together and laid out a program of monthly meetings in each of which some common law action will be taken up, explained, and considered in particular phases suggested by questions of those who attend.

Each of the justices will take his turn in charge of a meeting. The public is invited, and lawyers, constables and justices from neighboring districts are also invited. It is hoped that this will not only increase the general understanding of the law, but add to the common respect for the system of laws worked out to this time degree that they are for safeguarding justice between the citizen, his fellows and the state.

MANY BETTERMENTS PLANNED FOR YEAR

Board of Local Improvements Considering Sewer, Water Main and Paving Projects.

Applications for sewers and water mains to "a considerable number have been received by the city council or board of local improvement in recent weeks. These projects have been taken into account in considering public improvements for the coming year.

It is the purpose of the board to do some paving work and as far as possible to meet the demand for sewers and water mains. The board, which includes Mayor E. E. Crabtree, Public Engineer Henderson and P. J. White, superintendent of streets, met yesterday morning to consider various improvement projects.

The most important sewer proposal includes the creation of a second ward district. Sewers are also to be laid on Park street and West Morton avenue and among streets where water mains are proposed are South Mauvalsterre, Park street and Spaulding Place. Paving work projected includes East State street No. 4, which will extend from Johnson street to the city limits; East College avenue, West Morton avenue, Illinois avenue, North East street and Anna street.

Notice has already been given to East College avenue property owners to make the necessary sewer and water main connections. In addition to the improvements mentioned, it is likely that a number of short stretches where pavements are needed will be given attention.

Too many men waste time arguing about the religion they have not got.

VAN TUYLE WILL CASE ON TRIAL

Jury Was Secured Wednesday Morning and Taking of Evidence is Under Way.

The hearing of the VanTuyle will case is in progress before Judge E. S. Smith in the Morgan county circuit court. The selection of the jury was concluded Wednesday morning and the taking of evidence began.

A great many witnesses have been summoned and the indications are that the trial will consume several days. This is a suit in which relatives of Miss Martha VanTuyle are seeking to have her will set aside on the ground that she was not competent to make it and that undue influence was used by those who benefited thru the terms of the will.

The jury includes A. A. Hart, William Cockin, P. E. Fearneyhough, Robert Mutch, Frank Nash, Guy Smith, B. E. Alexander, George Anderson, Harvey Nerganah, Kenneth Wood, Harvey Story and L. E. Sanders.

Members of the bar met with the court and arranged the docket for the week beginning Monday, December 18. The cases set are as follows:

Monday, Dec. 18
James M. Emmons, Admr., vs. Jacksonville Railway & Light Co. Case.

August Walters vs. Frank Drury and Thomas Drury, Trespass on Case.

People vs. Howard Berry, highway robbery.

People vs. Samuel T. Zachary, murder.

Tuesday.
Lloyd L. Reid vs. Andrews Lumber Co., assumpsit.

Everett Pennell and L. G. Pennell vs. The Great American Insurance Co., assumpsit.

Wednesday.
Davis-Watkins Manufacturing Co. vs. Tom Calley and Chrestos Geanetos, assumpsit.

Charles G. Stewart vs. William H. Mitchelson, trespass on the case.

Thursday.
E. C. Vickery vs. Patrick Wolfe, appeal from J. P.

George Morris and Charles Morris vs. Carl E. Black, assumpsit.

Friday.
People vs. Harry Proctor, burglary.

People vs. John Barthelow, grand larceny.

The court appointed Judge W. E. Thompson to act as attorney for Howard Berry and Hugh P. Green as attorney for John Barthelow.

STRONG GAS WELL ON TROTTER FARM

P. C. Irwin Brings in Second Gusher—Plans Further Development of Field.

While not much has been said about the find, it is known that P. C. Irwin has brought in another good gas well in the field northeast of Jacksonville. This well is on the Trotter farm which is west of the Andrew Harris land. Gas was struck at practically the same depth as in the Harris wells.

The pressure is almost as strong as in the Harris well and in consequence this is the second best gas well ever drilled in Morgan county.

As indicated in previous statement, Mr. Irwin is fully convinced that a gas field can be developed and he is preparing to immediately sink other wells. If even one or two more are brought in, it is practically certain that the gas will be piped into Jacksonville.

While the wells are located at a considerable distance from the city, the main would not need to be laid more than three feet underground, and in case of failure of the supply with passing time the salvage value of the pipe would be a considerable portion of the original cost.

CHAPIN WOMAN'S CLUB HAD MEETING TUESDAY

Miss Mary Onken Hostess to Club Members Tuesday Afternoon—Other Items From Chapin.

Chapin, Dec. 14—Miss Amy Onken was hostess to the Chapin Woman's club Tuesday afternoon. There were eighteen members present. Roll call was Italian artists. Mrs. Harry Onken had a very interesting paper on "Caruso" and a number of Caruso Victrola records were enjoyed.

Mrs. E. H. Nienhauser read a paper prepared by Mrs. Charles Thompson on "Romances in United States History."

At the business session it was voted to supply a canvas bed covering called for by the Oak Lawn sanatorium for the room the Chapin Woman's club furnished. The annual election of officers was held and the following elected: President, Mrs. E. F. Joy; Vice-president Miss Helene Markham; Secretary-treasurer, Mrs. P. H. Ham. A social hour followed and delicious refreshments were served by the hostess. Guests were Misses Nelly Calhway and Edith Fox.

A very pleasant surprise party was held at the home of Mrs. Ada Funk Monday evening when two auto loads of relatives came in with an abundance of milk, oysters, celery, crackers and everything necessary for an excellent supper, and completely surprised their hosts. The company included Mrs. Maggie Moody and son Austin and daughters, Misses Ruth and Esther; Mr. and Mrs. Chester Williams, Mr. and Mrs. Frank Brockhouse, Mrs. Elmer Adams and daughters Hazel and Wanda. After supper the evening was spent with games and social conversation.

Mr. and Mrs. B. H. Allen and son Tom of Versailles were guests of relatives here Sunday.

Mrs. Ada Funk went to Jacksonville Tuesday to visit her daughter, Mrs. Lloyd Ross.

TODAY'S BLUNDER
CORRECTED

Why Is This Wrong?

BLUNDERS

R. I. DUNLAP.

Postmaster, City of Jacksonville.

It is always best to use standard size cards or envelopes. During the Christmas, Easter and Jewish holiday season great quantities of very small envelopes and cards are put into the mails, with the result that all postal work is very much retarded and considerable mail is discarded and torn. These small and irregular shaped envelopes and cards do not run freely through our post-marking machines, but frequently get caught in belts and are mutilated and torn; and many of them are of such odd shapes that they must be held out of the regular mail and postmarked by hand, which is a slow and tedious process. Delay is also caused by the fact that small sizes do not fit into letter packages readily and cannot be tied securely.

BAZAR AND SUPPER
AT CHRISTIAN CHURCH

Annual Affair Will be Held Today at Central Christian Church by Pastorial Helpers.

The annual turkey supper and bazar of the Pastorial Helpers of Christian church will be held this afternoon and evening at the church. The bazar will open at 2 o'clock and supper will be served commencing at 5 o'clock.

The general arrangements for the affair have been in charge of the president, Mrs. Lillian King, and she has had the co-operation of all the members. There will be a number of booths at the bazar, including an apron booth in charge of Mrs. Cornett and Misses Carrie and Lizzie Ratachak of the auditorium class. A miscellaneous booth will be under direction of Miss Eleanor Thompson's class and there will also be a fancy work booth in charge of the Ella Ewing circle. The candy booth will be in charge of the Sunday school classes taught by the following: Miss Annabel Crum, Miss Marie Finney, Miss Ethel Shortridge and Mrs. W. T. Clarkson.

The supper menu will be a splendid one, including turkey and lots of good things to eat. The dining room chairmen are Mrs. Lillian King, Mrs. Clyde Singley, Mrs. Charles Hopper, Mrs. S. I. C. BAND GIVES
CONCERT AT FRANKLIN

Local Musical Organization Heard in Pleasing Program at Marquette Hall Wednesday Evening.

A concert program was given at Marquette hall in Franklin Wednesday night by members of the Illinois college band, under the direction of J. Bart Johnson. The audience which assembled for the concert was a large one and the program was one which met the approval of all.

Miss Ruth Armstrong of the Conservatory of Music accompanied the band as soloist and was heard in a pleasing group of songs. The program included the following numbers:

1. March—Glory of the Yankee Navy
2. Night in June K. S. King
3. Selection—Princess Pat Victor Hubert
4. Three o'Clock in the Morning Robledo
5. Song

Miss Ruth Armstrong

6. Campus Memories Ferd
7. Don't Bring Me Posies Rose
8. Leave Me With a Smile Koehler and Burnett
9. Soldiers of the Air Fulton
10. Finis—Star Spangled Banner

The Franklin concert was the first of a series which the band is planning to give in neighboring towns during coming months. The past months have been devoted to practice in preparation for concert engagements and the musicians show the excellent training they have received under the direction of Mr. Johnson. The band has been heard on a number of occasions locally and has been enthusiastically received each time.

THE GREATEST CRIME.

It is often said, and correctly, that the greatest crime is not so great in its effect upon others as it is in its effect on the perpetrator and his descendants. The habitual thief does more harm to his own person than he ever does to his victims for where in their case he takes material things, in his own case he destroys the irreparable, the human mind and soul. Dollars and dimes can be replaced but never the soul and body and mind.

Are you a criminal in that you are cheating yourself? Are you allowing some outside influence to wear down, undermine and eat up your endurance and vitality. Are you stealing from your health to pamper your appetite for material pleasures?

Or are you providing your body with a policeman who like the traffic cop of the larger city, stands guard at all points to stem the sweeping tide which would turn to destruction were it not kept in a certain section? In other words are you giving your yearly "bit" or "best" to provide the Morgan County Tuberculosis association with funds sufficient to provide a means of protecting you from the disease which is killing off friends and neighbors, hundreds of them, each year. If you are not taking your part—do you want to be the next one to contract this disease thru your own carelessness? You may scoff while you give your dollar or cents, but how do you know that that very dollar did not go to take the dread plague from beside your own child in the school room? Perhaps it placed the infected son of the man who provides you with butter 'n eggs in the sanitarium, where he will not endanger the products you are purchasing.

After all the yearly drive of the Anti-Tuberculosis association is easily viewed from a selfish standpoint. Give yourself a Christmas present—invest in a dollar's worth of traffic cop to stem the sweeping tide of the great white plague.

PEORIA SUB DISTRICT FAVORS FARRINGTON

Peoria, Ill., Dec. 13.—The Peoria sub district voted at least five to one to re-elect Frank Farrington president of the Illinois United Mine Workers, a prominent union official here said today. This district in previous elections has been known as anti-Farrington territory.

Four of the big locals in the Peoria field reported a vote of 1,155 for Farrington and 108 for John Hindmarsh of Riverton.

FARMERS PLAYED LOSING GAME IN GRAIN AND HAY

Specialists So Testify Before Interstate Commerce Commission

(By The Associated Press)

WASHINGTON, Dec. 13.—Farmers have played a losing game in producing grain and hay in the west during the last two or three years, specialists in farm economics testified today before the interstate commerce commission. The estimates of the issues were brought up by Representatives of Western States who are seeking from the commission reductions in railroad freight rates on the agricultural commodities named and were given by F. W. Peck, professor of farm economics at the University of Minnesota, and C. L. Holmes, of the Iowa agricultural experiment station.

In both these states careful cost studies of the production of wheat, oats, corn and hay justified the conclusion, the witnesses said, that the average farmer had only registered a net loss in the two years of work.

Rate reductions, they contended would assist in relieving the situation.

All these railroad charges, he declared, were today far above levels of 1913, while the prices the producer was receiving for the grains particularly were practically identical with 1913.

HOUSE RACING AT TOP SPEED PASSES TWO SUPPLY BILLS

Measures Carry Over Twenty-Five Million Dollars

(By The Associated Press)

WASHINGTON, Dec. 13.—Racing at top speed, the House tonight passed the annual supply bill for the departments of commerce and labor, carrying approximately nineteen million dollars for the former and six and a half millions for the latter.

The only fight that developed during all day consideration of the measure, was over an amendment by Representative Cable, Republican, Ohio to increase the fund for the immigration service from three million dollars to \$3,300,000. It was adopted, 136 to 81, over the protest of Chairman Madden of the appropriation committee.

There was no discussion over the item of \$1,240,000 for carrying out provisions of the Sheppard-Towner infancy and maternity act.

The state and justice departments bill was received by the senate at noon and reported a few hours later for consideration tomorrow. The senate appropriations committee added \$286,000 to miscellaneous items of the bill, which passed the house carrying \$3,185,000.

Tomorrow the committee will take up the commerce and labor departments bill.

ILLINOIS PIONEER IN POWER LINES

CHICAGO—(By the A. P.)—That Illinois was a pioneer in the building of electrical transmission systems, radiating from central power stations, is the assertion of the Illinois Committee on Public Utility Information. The committee points out that today with \$58,000 consumers it stands first among the states in the number of electric light consumers.

Before the transmission lines were built, electric service was available to about 200 communities and then mostly for only a part of 24 hours. During the last ten years a 24 hour service has been made available to 1,950 communities served by more than 6,500 miles of transmission lines carrying an average of 33,000 volts.

From the main transmission lines, laterals branch off in all directions so that the further development in Illinois will be largely thru an extension of the present lines. The generating capacity in the central plants of the utilities of the state total 1,200,000 kilowatts.

The longest continuous transmission line in the state extends from Keokuk, Iowa, to Terre Haute, Ind., estimated to be about 850 miles in length. There is also a continuous line from Danville on the east to Peoria on the north and Venice on the south. A line extends from Zion City, southward around Chicago as far as Bismark, a distance of almost 250 miles.

NATION'S EXTENSIVE MINERAL RESOURCES

WASHINGTON—Work of the Geological Survey during the last year in examining government lands has resulted in leaving now classified and reserved 65,000,000 acres of coal lands; 6,500,000 acres of petroleum lands; 44,100,000 acres of oil shale; and 2,700,000 acres containing phosphates suitable for fertilizer manufacture. The summary of activities was given in the Survey's annual report, made public today.

Dealing with the mineral resources contained in the government's own land holdings is but one branch of the scientific investigating work performed by the Survey, and its engineers and calculators also have turned out topographic maps covering 13,544 square miles of the country's surface, showing exact contours of the land, and stream flow investigations which entailed 11,000 measurements in rivers in 31 states.

It likewise completed studies of the radium bearing ore deposits in Utah, and measured underground water flows in Nevada sufficiently to designate 382,000 acres of land as suitable for utilization in reclamation enterprise.

SET ASIDE NATIONAL DRAMA WEEK

Chicago.—(By the A. P.)—The Drama League of America, which has set aside the week of January 21-26, inclusive as National Drama week, will observe Tuesday of the week as Library Day. The American Library Association has asked all librarians to suggest ways of making the library contribute to the cause of better plays, advocating the adoption of such slogans as "Drama books in every library" and "Read a play before you see it."

BRIEFS

(By The Associated Press)

Quincy, Ill., Dec. 13.—Deputy United States marshals today closed the Ruff brewery here on orders from Judge Fitzherry, pending charges of making beer containing more than one-half of one per cent. The action came as a surprise to officers of the brewery who were not aware that charges had been filed against them. It is claimed that some of the product of the brewery was seized in transit and found to contain the illegal percentage of alcohol on analysis.

Centralia, Ill., Dec. 13.—The body of a man about 21 years old was found this morning in a refrigerator car in the Illinois Central yards. Death was believed to be due to asphyxiation. Letters and papers indicated the man was C. P. Gill of Starkville, Miss. He also carried a postoffice register, receipt dated yesterday at Elmwood, Ill.

Danville, Ill., Dec. 13.—John Hindmarsh of Riverton, defeated Frank Farrington of Streator, by 1,500 majority in Vermilion county for president of the Illinois Mine Workers union according to complete but unofficial returns.

Alton, Ill., Dec. 13.—Mrs. Roberta Oliver, 82, died this morning from burns she received yesterday morning when her bed clothing caught fire. Mrs. Oliver, who was stricken with paralysis six months ago, was helpless and unable to assist herself, aroused the other members of the family, who were down stairs, by her frantic shoutings, but they reached her too late, to save her life.

Washington, Dec. 13.—Class freight rates between points in western South Dakota and those in the Mississippi valley outset the state were held reasonable today by the interstate commerce commission in dismissing a complaint of the board of railroad commissioners of South Dakota charging that the rates constituted a discrimination against points within the state.

Washington, Dec. 13.—Portland cement production in November was smaller than in any month since June, while shipments were less than any month since April. Production was 11,349,000 barrels, compared with 12,287,000 in October. Shipments were 10,167,000 barrels compared with 12,854,000 in October and stocks on hand October 31, aggregated 5,331,000 barrels compared with 4,159,000 on September 30.

Washington, Dec. 13.—Receivers of the Chicago & Alton railroad applied today to the interstate commerce commission for authority to issue and sell \$2,000,000 in receiver's certificates. Expenditures made as the road in recent months and debts incurred just prior to receivership, the application said, made the sale of certificates necessary.

Belleville, Ill., Dec. 13.—Leroy Collins and Earnest Williams, negroes, who were convicted of the murder of Alphonse Debon, a salesman, today were sentenced to be hanged February 21, next.

POLICY OF EXTENSION FOR NEW RAILROAD

Tokio—A general policy of extension and improvement has been adopted for the South Manchurian Railway by Mr. Takeji Kawamura, the newly appointed president of the company. Funds for the work, he said now are available altho the company failed to raise a loan in America.

"The 20,000,000 loan repayment which falls due in December, he said, "has been renewed and when the proposed new loan of 10,000,000 yen is floated the company will not require any more capital this year."

THREATENED COAL STRIKE AVERTED

Terre Haute, Ind., Dec. 13.—The threatened coal strike in the Indiana field was averted tonight when members of the Indiana Bituminous Coal Operators' association voted to rescind their action of last week, when they voted to refuse to check off a special assessment from the miner's wages. After tonight's meeting it was announced the special assessment would be checked off the same as regular dues.

Phil H. Penna, secretary of the operator's association said that many operators had collected the assessment under a misunderstanding and that since the mine workers had set December 14 as the date for a general walkout it was felt that too great an inconvenience would be forced upon the coal consuming public if the threatened strike was allowed to stop coal production.

Christmas Sale

The annual Christmas gift sale and market given by the women of Trinity church was held Wednesday afternoon in the Parish hall. Many pretty and useful aprons, novel gifts and a large variety of home cooked foods were sold.

The fancy work table was in charge of Mrs. J. G. Ames, and Mrs. John Bellatti, Mrs. J. P. Langton and Mrs. J. W. Elliott were at the table where dainty hand decorated Christmas cards were sold. The delicatessen table was in charge of Mrs. Lloyd Brown, Mrs. Charles Pawcett, Mrs. W. T. Capps and Mrs. H. M. Andre. The apron sale was in charge of Mrs. George Mathews, Mrs. E. E. Hatfield, Mrs. Henry Capps, Mrs. Charles Brown and Mrs. Henry Yates. Mrs. Harry Edgerton, as president of the Guild, was the general chairman.

Entertained Pleasant Hour Club

Mrs. George Peck entertained the members of the Pleasant Hour club yesterday at her home on West College avenue. The affair was a Christmas party and the Peck home was very prettily decorated with Christmas greens and other evidences of the holiday season. There was also a lovely Christmas tree and on it each guest found a holiday gift.

of some kind. The afternoon was spent with games planned by the hostess and during the times dainty refreshments, which also bore the holiday touch, were served.

Hostess at Bridge

Mrs. William Thatcher was the hostess at a charming afternoon bridge party given yesterday at the Colonial Inn. Four tables of cards were made up and the hours most delightfully spent in playing. An attractive luncheon was served late in the afternoon. Pretty Christmas favors carried out the season's note.

To Entertain In Winchester

Mrs. Clifford Allen and Mrs. Robert Allen are to be the hostesses at an afternoon tea today at the home of Mrs. Robert Allen, in Winchester. Mrs. Russell Redshaw a bride of the fall season, is to be the guest of honor at the affair. Among the Jacksonville people who are to be the guests of the function are: Mrs. S. W. Babh and Mrs. W. A. Fay.

December Birthday Social Of Brooklyn

The December Birthday social of the Ladies' Aid society of Brooklyn church will be held this afternoon at the home of Mrs. Eva Hanley of Rount street. The assistant hostesses will be Mrs. Eva Potter, Mrs. Max Gehring and Miss Margaret Jefferson. During the business hour reports of the annual supper will be given. The rest of the afternoon will be spent in a pleasant social hour and the Christmas notes will be sounded in decorations and refreshments.

Miss Priest to Be Hostess

One of the delightful events of the holiday season will be the bridge party to be given this afternoon by Miss Eula Priest at her home on West State street. The affair is in honor of Miss Helen Mathews and Miss Ruth Strawn Mathews of Kansas City who are visiting at the home of Mrs. Barr Brown. A limited number of guests have been invited and tables will be made up for cards, Christmas holly and the red decorations of the Christmas season will be used in the Priest home for the affair.

Girl's Club Plans Program

The Girl's Club of Jacksonville High school will meet this week on Friday afternoon. This is the last meeting before the holidays and a program in keeping with Christmas will be given. The program this week is in charge of Group Two of which Miss Louise Pletcher and Miss Helen Gorham are the faculty advisers. A clever program has been planned in two parts. The first will be the representation of well known advertisements, in which a number of the girls will take part. The second part of the program is entitled "The Evolution of Dancing." This will take the art of dancing from its beginning up to the present time. The Greek dance, the state-

ly Minuet, the Barn Dance, the old fashioned square dances and the modern dance in an exaggerated and comical form, will be illustrated. The last number is to be a solo dance by Miss Mary Edith Baumgardner called "The Spirit of Christmas." At the close to the dance "The Spirit" will scatter little Christmas gifts and novelties to the club members and a social hour will end the afternoon's program.

Hostesses to Strawn's Crossing Club

Mrs. C. F. Leach entertained the members of the Strawn's Crossing club yesterday at her home on West College avenue. Mrs. J. W. Rawlings had the paper of the day and gave a sketch of the life of Edgar A. Guest, and read some of his popular poems. During the afternoon the hostess gave a demonstration of the making of Christmas candies. A social hour and the serving of dainty refreshments closed the afternoon. The hostess had invited a number of guests. The next meeting will be the Christmas meeting and is to be held on December 21st, at the home of Mrs. Homer Cully on West College avenue.

Dokays to Give Dance Friday Night

Members of the D. O. K. K. lodge will give another of a series of dances Friday evening at Castle hall, the affair being arranged by a committee including J. E. Scott, Wilbur Hauck, and James Guyette. Dancing will begin at 8:30 o'clock and several hours will be spent in this pleasant pastime by the members and their invited guests.

West Liberty Aid Met Yesterday

The regular meeting of the West Liberty Aid society was held yesterday afternoon with Mrs. Albert Killam. It was the meeting for the election of officers and the following were chosen:

President—Mrs. Fred Ranson. Secretary—Mrs. DeLoss James. Treasurer—Mrs. Albert Killam. The society also voted to hold a social and oyster supper January 4 at the home of Mrs. Z. W. Scott. A social hour followed the business session and the hostess served delicious refreshments.

CUBA INTERESTED IN DEVELOPMENT OF MINES

Havana, Cuba—Immense and rich deposits of iron and copper exist in Cuba, declared President Alfredo Zayas in his message at the opening session of the current congress, and the government proposes to aid their development in every way possible.

From the copper mines at Matanzas, Pinar del Rio, he points out, there were mined in the first six months of this fiscal year, 84,552 tons of 22 percent copper, and the field has only been scratched. Protecting for oil and mineral is going on constantly in that province.

CHURCH HELD ANNUAL MEETING LAST NIGHT

Membership of Congregational Church Held Eighty-Ninth Annual Session—Officers Elected and Reports Presented.

The membership of the Congregational church held the eighty-ninth annual meeting Wednesday evening at the Pilgrim Memorial. The meeting was largely attended and one of the most enthusiastic in the history of the church.

Over 150 sat down to chicken pie supper served by the Ladies' Aid of the church, during which music was furnished by the orchestra under leadership of Prof. Busey. Several selections of Spanish music were also furnished by a male quartet in Spanish costume.

After the serving of the supper came the annual business session. A general spirit of optimism permeated the meeting, all the reports presented indicating a satisfactory growth in membership and interest. The congregation has had a net gain of eleven active resident members during the year, and there have been fourteen additions by wayside fellowship.

The church school reported a gratifying increase in both average attendance and collections. Three new classes have been organized during the year and also an orchestra. Never in its history has the school had as efficient a corps of teachers and organization as at the present time.

The Young People's societies showed the greatest percentage of increase, being about 350 percent over last year.

The Ladies' aid is working most efficiently under their new form of organization. Not receipts of the organization were over \$595 during the year. The society reported large contributions of clothing, food stuffs, etc., to Passavant hospital, and Oak Lawn sanatorium.

The Guild, likewise, had a profitable year, reporting varied activities. They reported receipts of over \$525. The Brotherhood is having a banner year in attendance and interest.

The prudential committee report showed a good balance after all obligations had been provided for. The building committee report revealed the fact that the building indebtedness had been reduced about \$3,590 during the year.

The benevolence treasurer reported over \$1,335 given to benevolences during the year.

Miss Emma Daniels as community house hostess gave a number of interesting facts regarding her work. During the three months she has acted as hostess, there have been 260 meetings held in the building, an average of three a day. Approximately 7,200 people have entered the building, an average of 80 a day; twenty-two regularly scheduled groups meet each month, twelve of these weekly, seven twice a month, and three monthly.

Henry Alexander, as director of the work with boys, reported fifty boys enrolled in the scout troop and Wolf Cub packs.

Mrs. F. J. Heinel as senior Camp Fire guardian, reported for the five camp fires in which 74 girls are enrolled.

Lathrop Ward, as chairman of the finance committee brought the glad tidings that the major portion of the budget for 1923 had already been raised. The following officers were elected:

Clerk—L. C. Catlin.
Church Treasurer—A. R. Taylor.

Benevolence Treasurer—Mrs. E. M. Coe.
Deacons—F. T. Irving, L. S. Doane.

Deaconesses—Mrs. R. O. Post, Mrs. M. D. Fairbank, Mrs. H. M. Capps, Mrs. Eb Spink.

Prudential Committee—E. M. Spink, H. M. Capps, H. L. Caldwell, L. S. Doane, A. D. Fairbank.

Trustees—C. E. Black, Eb Spink, Dr. Grace Dewey, S. W. Nichols, J. P. Lippincott.

Ushers—Lathrop Ward, H. M. Capps, J. A. Palmer, C. A. Hall.

Passavant Hospital Trustees—C. E. Black, S. W. Nichols.

Church School Superintendent—G. H. Scott.
Auditors—J. A. Palmer, W. D. Wood.

After the election of officers the meeting adjourned with the singing of the doxology.

JAPANESE TRADE WITH CHINA EXPANDS

Tokio—Japan's trade with China shows a fairly steady expansion. Exports to that country, including Manchuria, during the month of October totaled 26,491,000 yen, an increase of 1,636,000 yen over October 1921, while imports from China were 11,604,000 yen or 914,000 yen less than the same month last year.

For the first ten months of this year Japan's exports to China totaled 269,000,000 yen and imports 137,000,000 yen.

FOURTH ESTIMATES IN JAPAN FARE AS OTHERS IN SALARY

Osaka, Japan.—(By The A. P.)—Japanese newspaper men, like their colleagues in other countries, work for small salaries, but efforts are being made by prosperous newspapers in Osaka to elevate the standard.

The Osaka Mainichi, which has a daily circulation of about 200,000 as made substantial increase in its existing scale of salaries. Together with a bonus distributed twice a year, the actual pay is two to three times the specified salary.

It worries a woman when she expects news and it doesn't show up.

JAPAN'S TRADE WITH U. S. REVERSES

TOKIO—Japan's exports to America, up to 1917, always exceeded imports therefrom, the excess in that year being 118,829,000 yen. In 1918, the balance changed, America, taking goods valued at 95,896,000 yen in excess to Japan. In 1919, there was a balance of 1,671,000 yen in favor of Japan but in 1920 the balance in favor of America jumped to 308,165,000 yen, according to figures collected by Japanese papers.

In 1921 this balance dropped to 78,117,000 yen and for the first seven months of this year it was 19,584,000 yen. This moderation has been due to the increased export to raw silk to America, but the general tendency shows a growth of imports from America, the papers point out.

Compared with pre-war years, the volume of Japan's export have increased by three fold whereas imports have increased five fold. Japan's exports to America represent about 35 percent of the total export and this percentage practically remains the same as in pre-war years but the percentage of imports from America has increased from 16 to 22 in pre-war years to 30 to 35 in recent years.

Formerly, raw cotton represented nearly half the amount imported from America but at present it does not exceed 36 percent, volume of raw cotton imported from America at present shows an increase of about 50 percent compared with pre-war years.

YOUNGER OFFICIALS PROPOSE NEW HOME

TOKIO—The younger officials of the Household Department are advocating a plan to make the Alaska detached palace, where the Prince of Wales resided, a permanent dwelling for the Prince Regent. They propose to remodel this palace lines similar to Buckingham Palace, appropriating half of it for the Regent's state and the other half for reception of guests. A Japanese building would be added for Princess Nagako and her attendants.

The older officials think that altho the Palace was intended by Emperor Meiji for the Crown Prince, the Kasumigaseki Palace, where the Regent now lives, is more suited to his wishes for simplicity and example of economy to the people.

CITY OF AURORA HAS BALANCE ON HAND

Aurora, Ill.—(By The A. P.)—For the first time in many years the city of Aurora will have a balance of from \$10,000 to \$15,000 in its treasury when the present year closes, according to City Commissioner John Wetz and City Treasurer Michael Weller. The saving was effected, the officials stated, by discounting all bills and collecting interest on the city's funds in banks. No anticipation warrants were issued during the year, and this was additional interest saving.

In accord with the law of the eternal fitness of things, Eve must have handed Adam a greer persimmon.

FRANKS BAKERY IN NEW OWNERSHIP

Well Known Establishment Sold to Koepping and Sons Former Residents.

Announcement has been made of the sale of the Frank bakery at the corner of Lafayette avenue and North Prairie street to R. E. Koepping and Sons of Springfield. The purchasers are not known to Jacksonville, as the family was long resident here and for a period of years Mr. Koepping was manager of the Frank bakery.

During the greater part of his life he has been engaged in this line of business and now his sons, Louis and Fred, are associated with him.

Paul J. Frank purchased the business from his father several years ago but in recent months has been in the west, and John Frank has been managing the business. As indicated, Mr. Koepping is thoroughly experienced in the business and his sons have been associated in similar work. They expect to run a high class bakery and to extend the business into surrounding territory.

BAGGAGE CAR BREAKS DOWN NEAR STATION

The Westbound Wabash No. 15 Tuesday evening escaped a serious wreck from broken trucks on the baggage car, due to the fact that the trucks gave way just as the train was pulling into the station. Had the speed of the train been great, considerable damage to the tracks and cars, and danger to the passengers would have resulted. As it was a two hour delay, from 5:42 to about 8 o'clock, and the continuance of the train for the trip with the mail car carrying the baggage were the chief results.

NEW COUNTERFEIT 1919 WAR SAVINGS STAMP

A new and very dangerous counterfeit of the blue 1919 war savings stamp has come to light, showing few or none of the defects of the counterfeits of this stamp previously described. The color and general appearance are almost perfect.

The existing instructions for retention and examination of

1919 war savings stamps before payment should be vigilantly carried out. Careful examination will enable postmasters and postal employees concerned to detect the new counterfeit from the following defects, which appear in all specimens thus far examined by the department:

1. The top of the G in the word "Savings" in the counterfeit is too thin, almost leaving a gap; in the genuine the line is clear and continuous.

2. A similar defect appears in the final S of "United States," the narrow portions both at the top and bottom of the letter being too thin, almost broken.

3. In the second letter C of the word "Certificate" the upper right-hand part is incomplete in the counterfeit.

4. The upper right-hand portion of the final S in "Savings" is poorly formed in the counterfeit, being distinctly smaller than in the genuine stamp.

W. IRVING GLOVER, Third Assistant Postmaster General.

TRUSTEES OF ILLINOIS COLLEGE IN MEETING

Increase In Attendance Makes Limitation Necessary For Future--Will Add Instructor In Economics--Two Memorial Funds Established.

The trustees of Illinois college held the regular semi-annual meeting at the home of President C. H. Rammelkamp Wednesday morning. George W. Govert of Quincy in the absence of Andrew Russell, acted as chairman of the board.

A large amount of routine business was transacted. The report of President Rammelkamp to the board dwelt especially upon the problems that are now being created for the college by the constantly increasing attendance. The total registration in the freshman class at the present time was reported as 145.

In this connection the trustees considered a recommendation from the faculty that the future attendance in the college be limited. The board took favorable action on this recommendation and appointed a committee to co-operate with the faculty in determining how this limitation of attendance can best be accomplished.

On the recommendation of the president and faculty committee, action was taken authorizing the appointment of an additional instructor in economics and political science, the work of this new instructor to begin next fall.

New Courses of Study.

The appointment of this instructor will provide for the introduction of a number of new courses in economics, money and banking, public finance, commerce and business administration. There has been a considerable demand for such courses on the part of the student of the college.

The president also made a report regarding the recent visit of Mr. Brierley representative of the Rockefeller board who came to make final arrangements for the payment by the Rockefeller board of the first installment on their subscription of \$125,000 to the college. Mr. Brierley expressed himself as greatly pleased with the financial management of the college. He said that the financial reports of Illinois college are among the best arranged of those submitted to the Rockefeller board by the colleges of the United States.

Harry M. Capps, chairman of the finance committee of the board, made a report showing that the current finances of the college are in excellent shape. Dr. Carl E. Black, chairman of the building and grounds committee, made a report on the repairs and improvements made during the summer.

On the recommendation of the building and grounds committee a resolution was passed authorizing that committee to secure early bids for the construction of another chemical laboratory in the basement of the Sturtevant building. This improvement is necessitated by the largely increased registration in the department of chemistry.

The board also passed a set of resolutions expressing its deep sense of loss in the death of Dean Emeritus Frederic S. Hayden.

Memorial Funds.

On this basis of subscriptions made for the purpose, action was taken establishing the Samuel W. Myer memorial library fund of \$1,000. The income from this fund is to be used for the purchase of books in the field of history and political science. On the basis of subscriptions made by the alumnae of the Athenaeum, the board established the Athenaeum memorial scholarship fund of \$1,000. The alumnae of the Athenaeum showed great interest in the new endowment fund recently completed in the establishment of this Athenaeum scholarship fund is a recognition by the trustees of the great interest and loyalty of the graduates of the old Athenaeum.

Another resolution was passed establishing the David A. Smith memorial endowment fund of \$2,000. David A. Smith was a former trustee of the college and well known pioneer attorney of Morgan county. The fund was established on the basis of subscriptions made to the new endowment by descendants of Mr. Smith.

A resolution was also passed pledging the support of the trustees to the effort which the college Glee club is making to secure dress suits for the members of the club.

In considering various details connected with the recent endowment campaign, the trustees

passed a resolution urging the friends and alumni who have made subscriptions to pay these subscriptions as promptly as possible when due. The future payments from the Rockefeller board will depend upon the prompt payment of subscriptions made by friends and alumni.

The trustees are anxious that friends and alumni should understand that the completion of the plans for the development of the college must depend upon the prompt payment of subscriptions.

Upon adjournment at noon the trustees inspected the improvements recently made in Sturtevant hall. They were then entertained for luncheon at the home of President and Mrs. Rammelkamp. During the luncheon hour the College Glee club under the direction of Mr. Lovejoy, came to the house and sang several songs to the great pleasure of the members of the board.

Among the out of town members of the board present at the meeting in addition to those already mentioned, was John J. Bergen of Virginia.

URBANA ORCHESTRA AT ILLINOIS JUNIOR PROM

Announcement was made Tuesday that one of the best orchestras of those playing for dances at the University of Illinois has been secured for the Junior Prom of Illinois college December 20.

Decoration materials arrived this week, and early next week the committee, under Robert Brown, prom chairman, will see that the gym is transformed from its present austere barrenness to a suitable setting for gaiety. An elaborate and novel scheme of decoration is planned.

The prom is usually the occasion for many alumni and friends to visit the college gymnasium, and indications are that the numbers will be great this year.

HAAS BUILDING TO BE IMPROVED

Construction Work Has Begun on New Fronts For East State Street Structure.

A firm of Springfield contractors yesterday erected a scaffolding adjoining the Haas building on East State street in preparation for extensive improvements to be made there. The plans call for modern fronts in this double store room.

Mr. Blucke of the Haas Co. was unwilling to make a definite statement yesterday but the rumor was current that the remodeled building will be occupied by another mercantile firm and that the Haas company will have quarters better suited to their electrical and automobile business.

East State is down for extensive betterments in months near at hand with the Elliott bank on the corner of State street and the square, the Cloverleaf building on the corner of State and East streets, and now the remodeling of the Haas building.

DATES OF BASKETBALL TOURNEYS ANNOUNCED

Announcement of the dates for the district sectional and state basketball tournaments has just been made by C. W. Whittier, state secretary of the Illinois High School Athletic association. The district tournaments are scheduled for March 1, 2 and 3 and the sectional tournaments March 8, 9 and 10. The locations of these tournaments have not yet been selected.

The state tournament will be held March 16 and 17 at the University of Illinois. It was announced that for the district tournaments the teams will be divided into two classes, "A" and "B," as has been done heretofore, but that the plans this year will be away with the anti-climax game.

Stop in and get one of our "Yardsticks"

Every motor car buyer ought to have a copy of our "Yardstick." It is a definite measure of determining motor car value.

When you have examined it you will appreciate why the Studebaker Special Six is so highly regarded by shrewd buyers the world over. And after you have inspected the car itself and driven it—and made comparisons, you will agree that it is the most satisfactory five-passenger car built.

The Special Six Touring Car meets every requirement for lasting satisfaction. You can determine its endurance, performance and economy from any owner in the community. A ride will prove its great comfort. Its beauty is evident from any angle.

Down underneath the surface you will find

superior quality and the kind of construction that make possible splendid performance and comparative freedom from repair. The four-bearing crankshaft and seven-inch frame, with five cross-members and the sub-frame supporting the motor and separate transmission, are evidence of the mechanical excellence of the Special Six.

Its low price is an achievement in the amount of real value for the money—an achievement because it is due to Studebaker's great resources in money, men and facilities.

You can buy the Special Six with confidence because of the name it bears—the name Studebaker which for 70 years has stood for honest value and integrity.

PROPOSED CHANGES IN RULES CONSIDERED

Matter is Laid Over For Conference With American League at Today's Session.

NEW YORK, Dec. 13.—Discussion of proposed changes in major league rules occupied the attention of National league club owners during most of their second day session today. The matter was laid over for conference with the American league at tomorrow's joint session.

The more important proposed changes considered included alterations in the barnstorming rule; vesting in the home club and the baseball commissioner the power to decide when weather and ground conditions were suitable for world series play, instead of leaving the decision to series umpires as in the past; and fixed sums for umpires officiating in the world series instead of allowing them a percentage of the gate receipts as at present.

A new board was appointed in the Brooklyn club; Garry Herrmann, Cincinnati; W. F. Baker, Philadelphia and Samuel Breadon, St. Louis. Several other committees were appointed, including those known as constitution playing

by careful, competent men. Prompt attention given to all orders.

rules, schedule and telegraph committees.

Robert D. Emslie, who has served as umpire in the national league for the past 31 years, was appointed in an advisory capacity to the president. Only in extreme emergencies will the veteran umpire be called upon to take his post again on the field.

In his new position Emslie will aid not only in the development and instruction of young umpires, but his experience as a playing rule expert will continue to be of service to the league and to baseball generally.

President Heydler, asked concerning the possibility of the national and American leagues opening on different dates next season, said he was unable to state what date, if any, had been selected for the junior league opening in 1923, but that the National will begin play on April 17.

Only two deals of importance were announced in National league headquarters. The first was the purchase by Pittsburgh of pitcher E. D. Kunz from Sacramento, Pacific Coast league, for \$7,500 cash and four players. It was understood Kunz was being held at a cash valuation of \$35,000 but that the Sacramento club agreed to accept the following players in part payment; pitchers "Chief" Yellow Horse and William Hughes and fielders Claude Rohwer and Harry Brown. The majority of these players were under option by Pittsburgh.

Philadelphia secured shortstop Heinie Sands from the Salt Lake City club of the coast league, in exchange for four players. The quartet to go to Salt Lake for Sands is composed of infielders Leslie and Smith, catcher Peters and pitcher Singleton.

SAYS FIGHT ONLY ONE OF SERIES

PARIS, Dec. 13. — "Battling" Siki, the Senegalese pugilist, who has refused to appear before the French boxing federation in the investigation of the charges of a frame up in his fight with Georges Carpentier, was again summoned by the federation in a letter sent him tonight to come before the federation Friday evening. The federation has declared it would not permit another fight between Siki and Carpentier unless the negro came before the investigating committee.

An afternoon newspaper in what purports to be a new "inside story of the frame-up," says the Siki-Carpentier fight was only one of a series of such battles. It asserts that the situation surrounding the bout between Siki and Carpentier was presented to the boxing authorities soon after the fight, but that the federation took the advice of one of its counsellors to "hush up the matter in order to save the honor of the game."

Market Report

HIGHER PRICES FOR ALL WHEAT DELIVERIES

CHICAGO, Dec. 13.—Buoyancy
which developed in the wheat
market today appeared to be
chiefly related to a notable ascent
of sterling exchange. All relievers
of wheat acquired previous
high price records of the season.

The finish was unsettled at
1½ to 2½ net gain, with May
\$1.23½ to \$1.23¾ and July \$1.14½
to \$1.14¾. Corn gained ½ to 1½
and oats ½ to ¾. In provisions
the outcome varied from 5c de-
cline to a rise of 7c.

The jump in sterling exchange
was of such unusual character
that wheat at Liverpool was
in some cases quoted a full penny
lower than the actual value of the
cereal across the Atlantic as fig-
ured here was 2 cents a bushel
higher. Bulls contended that
the upward course of sterling was
an indication of a return to nor-
mality and were disposed also to
regard a rise in Argentine wheat
quotations as being due largely to
a betterment in rates of exchange.

It was conceded that unfavorable
weather for the Argentine harvest
was likewise partly responsible.

Speculative purchasing of
wheat has been witnessed of late
and was ascribed to some extent
to a review by a leading trade
authority dwelling on shortage
of world production of wheat as
compared with last year. Sellers
were for the most part holders
who were in a position to realize
profits.

Forecasts of snow or rain for
the entire domestic grain belt
failed to have any decided bearish
effect.

In the provision market buy-
ing on the part of shorts virtually
offset the bearish influence of
lower hog values here and a
break in the price of lard at
Liverpool.

STERLING EXCHANGE
RECORDS HIGH MARK
NEW YORK, Dec. 13.—Sterling
exchange went thru a period of
violent fluctuation in today's mar-
ket touching \$4.63½, an increase
of 61 cents over Tuesday's close
and the highest recorded since
March, 1919, and then falling
back to \$4.63; in the late after-
noon dealings.

Most foreign exchange dealers
here frankly confessed their in-
ability to explain the recent rise
in the British rate but in some
quarters there was a belief that
manipulation by the British gov-
ernment was responsible. It was
reported but not confirmed that
Great Britain had established a
reserve fund here of between
\$400,000,000 and \$500,000,000
ostensibly to facilitate payments
of interest on the British war debt
and funding of the principal and
that this fund had been used to
strengthen the sterling rate as part
of the campaign to bring it
back to par.

Balancing of Great Britain's
budget and the steady improve-
ment in her foreign trade balance
undoubtedly have been factors in
the upward trend of British re-
mittances, but the violent rise of
the last fortnight leads to a
rather general belief that "politi-
cal and speculative" influences
are the main factors in the recent
rise.

Some other strong shots were
made by non-speculative finan-
ciers, notably by Baldwin, which
touched 128½ and closed at 127—
a net gain of 3 points.

lished new high records almost

new year's high at 55½.

GIFT COUPONS OVERFLOW BARREL

Pour in So Fast that Big Barrel is Full to Overflowing—Are Sealed in Smaller Barrels.

The Gift coupons have been pouring in so fast that it has become necessary to empty the big barrel at the Gift Room owing to the fact that it has reached its capacity of coupons. These have been transferred by the committee into two smaller barrels and officially sealed in the presence of officers of the Chamber of Commerce. They have been placed in the safety deposit vaults at the Ayers National Bank and will not be taken out until January 3.

At that time the coupons will all be placed in a large metal revolving container and from this the final drawing will take place. The giving of coupons will end at 12 o'clock noon on January 3rd. Any persons holding coupons will be allowed to deposit them at the Gift Room until one o'clock in the afternoon of that day.

The authority has been granted to the committee to use a section of the business district streets for the distribution of the gifts. A platform, 16 feet long and 16 feet wide, with a railing around it will be erected. The platform will be 12 feet high in order to enable every one to view the affair no matter how large the crowd. The platform will be erected on the north side of the square within the next week.

Love on Trial

Peggy Marsh, who sued the estate of the Chicago millionaire Marshall Field in the interests of her small son and later married Albert Johnson, has put her husband on probation for six months. She announces from London that at the end of that time she will either divorce him or resume their interrupted honeymoon. This is the latest photo of Peggy and her husband.

SUBMIT SCHEDULE FOR SPECIAL TRAIN

Fare From Various Points Also Fixed—Plan Extensive Advertising for Gift Campaign Train.

F. N. Brown, general freight and traffic manager of the C. P. and St. L., has submitted to the Jacksonville Chamber of Commerce a schedule of rates for the special Gift Campaign train, with round trip excursion rates between Havana and Jacksonville, to be run on Wednesday, December 20th. The following time schedule and schedule of rates has been announced:

Leave Havana, 8:20 A. M.—\$1.50.
Leave Bath, 8:41 A. M.—\$1.20.
Leave Saldora, 8:55 A. M.—\$1.00.
Leave Chanderville, 9:06—85 cents.
Leave Virginia, 9:27—60 cents.
Leave Little Indian, 9:40—50 cents.
Leave Litterberry, 9:47—50 cents.
Arrive in Jacksonville, 10:09 A. M.

This special round trip rate and special train is to be advertised with half page ads in the Havana, Chanderville and Virginia papers and 1,000 hand bills advertising the event will be printed. A committee from the the Gift Campaign project will be sent to Havana on Friday in the Paige automobile if the weather permits and the hand bills will be distributed by the members of this committee. The Paige will be driven by L. F. O'Donnell and will not be run over twenty miles per hour.

Cards and posters have been sent to the general passenger agents along the line and these will be put up in the railroad depots along the route. It is that that this special train will bring a large crowd of holiday shoppers to Jacksonville. The hand bills state that "If you cannot buy what you want at home, you can find it in Jacksonville."

TRAFFIC COMMITTEE WILL MEET TODAY

The general advisory committee which has in charge the solution of the traffic problem in the downtown district, will meet at 4:30 o'clock this afternoon at the Chamber of Commerce rooms for the purpose of considering the reports of the different intersection committees. Diagrams and plans will be drawn indicating the wishes of these intersecting committees and these will be submitted to the general committee.

It is hoped that it will be possible to so arrange the traffic rules, that the present growing congestion in the business district will be relieved. T. C. MacVicar is the chairman of the general traffic committee and the other members are F. E. Farrell, A. R. Taylor, L. A. Reid and W. A. Berryman.

FAIR ASSOCIATION WILL MEET FRIDAY

Reorganization Plan to Be Reconsidered—Notices Have Been Sent to Each of the 260 Members.

The reorganization meeting of the Morgan County Fair Association will be held in the Chamber of Commerce rooms on Friday evening, December 15th. The purpose of the meeting is to reorganize the association from a corporation without profit to a profit sharing corporation. The object of this change is to protect the board of directors and others interested in staging a county fair in Morgan County each year from possible financial loss.

Notices have been sent to each of the 260 members of the fair association with return cards attached. The greater majority of these cards have been returned stating that the member will be present at this meeting or will send a proxy to cast his vote for him.

The meeting will be presided over by L. A. Reid, president of the Morgan County Fair Association. The reorganization proceedings will be in charge of Judge H. P. Samuell, who is the attorney for the association. The following card which provides for the voting in favor of adopting the reorganization has been sent out to all members:

I believe the Morgan County Breeders' Fair should be incorporated so that I will not be held liable for anything more than I have already paid into the association; neither do I want the officers to suffer a loss in case unexpected misfortune should happen. I therefore consent to the amendment of the association by-laws so that my membership will be changed to a corporation membership without further liability on my part, and I consent to a meeting of the members of the association to be held in Jacksonville, Illinois, on the 15th day of December, 1922, at 7:30 p. m. and hereby appoint..... or the president of the association as my representative to vote for me on the proposition.

ENTERTAINS MURRAYVILLE DOMESTIC SCIENCE CLUB

Mrs. C. T. Daniels entertained the members of the Murrayville Domestic Science club Wednesday. The club opened with the club prayer followed by a duet by Mrs. Daniels and Mrs. Walker which was sweetly rendered. A short time was spent for business and then the regular program followed. The roll call was answered by naming "My heroine." The first discussion was "What woman has influence on me most and how?" The second discussion, "Why I haven't reached my ideal" Both were very interesting, beautiful thoughts expressed and subjects showed careful study.

The guests were Mrs. Lu Henry of Woodson and Mrs. Mary Gunn. The hostess was assisted by her daughter, Mrs. W. W. Walker and they served a two course luncheon. The menu was in keeping with the approaching Christmas season including Swiss steak, hot biscuits and butter, English plum pudding and coffee, which were thoroughly enjoyed by all present. This is the last meeting before the Christmas holidays.

Asbury bazar, fancy and useful Xmas gifts and oyster supper today; begin serving at 5:30.

DAVID LLOYD GEORGE'S REPLY TO M. POINCAIRE

Most important document yet published in the stirring controversy between the capitals of Europe, which was precipitated by Mr. Lloyd George's first article in The Herald and Examiner.

WILL APPEAR NEXT SUNDAY EXCLUSIVELY

IN THE CHICAGO HERALD and EXAMINER

WHICH ALSO WILL CONTAIN An American Guest's Interview With the Ex-Kaiser

This is the first authorized interview granted by the former Kaiser since the world war, and his chief aid, Gen. Von Moltke, certifies in writing that it is probably the last interview that the former ruler will ever give for publication.

The ex-Kaiser talks frankly on many subjects omitted from his memoirs and has given documents and photographs to his interviewer supporting the authenticity of the interview.
